

LEARN & TEACH

Professional Development Series

Each package comes with 12 seats to a JASON Academy course, 12 hands-on kits that teach the same concept in the classroom, 12 professional workbooks to give you ideas and additional support, 12 NSES Standards reference books and 12 assessment CD-ROM's that will make your evaluation after teaching a simple and consistent process.

Frey Scientific is now offering online professional development through the JASON Academy. Take your school and district to the next level in academic excellence.

This program was designed to provide educators with the tools they need to improve their knowledge and then take the next step and apply their discoveries in the classroom.

Teach the science content prescribed by national and state standards and help your students succeed on their state science examinations.

Each Kit includes
NSES Manual and
Assessment CD-ROM

Aquatic Ecology

Anytime, Anywhere Science Courses for Teachers

JASON Academy Courses Include:

- User-friendly science content written and illustrated in an appealing, informed style
- Interactive learning through pop-up boxes and click-on features
- Animations and graphics that illustrate course concepts
- Nationally recognized instructors
- Learning communities promoting collegial sharing
- Resources on the World Wide Web
- Student activities and demonstrations
- Opportunities for graduate credit and CEUs
- Recommendations from NSTA

Learn: The course engages participants in reviewing and comparing aquatic environments, investigating the dynamics of ecological interactions, and addressing the impact of human activity.

Teach: With your help, students will build a miniature pond ecosystem, explore biodiversity, monitor microbial populations, and determine pollution effects. As you guide them through these activities students will start to gain a better understanding of ecosystem dynamics and the effects of outside variables. A Closer Look at Pondlife Lab Investigation comes complete with an activity guide and dichotomous keys to microlife forms. Class size: 40 students.

12 courses • 12 NSES Manuals • 12 Classroom Kits (A Closer Look at Pond Life)
• 12 Ecology Manuals • 12 Assessment CD-ROM's
