

LEARN & TEACH

Professional Development Series

Each package comes with 12 seats to a JASON Academy course, 12 hands-on kits that teach the same concept in the classroom, 12 professional workbooks to give you ideas and additional support, 12 NSES Standards reference books and 12 assessment CD-ROM's that will make your evaluation after teaching a simple and consistent process.

Frey Scientific is now offering online professional development through the JASON Academy. Take your school and district to the next level in academic excellence. This program was designed to provide educators with the tools they need to improve their knowledge and then take the next step and apply their discoveries in the classroom.

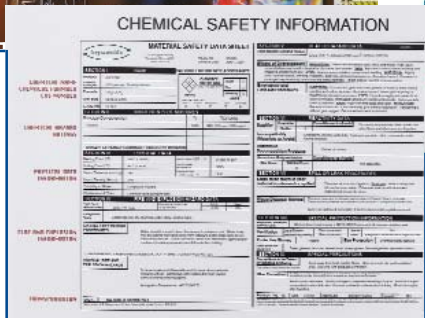

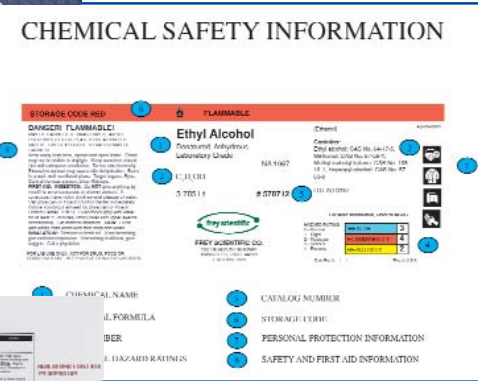

Teach the science content prescribed by national and state standards and help your students succeed on their state science examinations.

Each Kit includes NSES Manual and Assessment CD-ROM

Teaching Science Safely

Anytime, Anywhere Science Courses for Teachers
JASON Academy Courses Include:

- User-friendly science content written and illustrated in an appealing, informed style
- Interactive learning through pop-up boxes and click-on features
- Animations and graphics that illustrate course concepts
- Nationally recognized instructors
- Learning communities promoting collegial sharing
- Resources on the World Wide Web
- Student activities and demonstrations
- Opportunities for graduate credit and CEUs
- Recommendations from NSTA

Learn: This course, available in three versions - elementary, middle school, and high school - examines the principles, choices, and methods that support safety in the science classroom emphasizing inquiry and best practices to make appropriate classroom choices.

Teach: Use this package to safely organize your lab, classroom, and storage rooms. Our comprehensive system offers a safety checklist calendar, student safety contract, quiz and key, science standards manual, Frey's chemical labeling software, MSDS software, blank replacement labels, and two 14" x 17" laminated reference charts. An organized lab environment encourages a safe learning environment.
